Thameemul Azarudeen

Blockchain & Web3 Developer

Email: thameemul.azarudeen@example.com

Phone: +1-234-567-8900

LinkedIn: linkedin.com/in/thameemul-azarudeen

GitHub: github.com/AZAR2305

EXPERIENCE

Blockchain Developer | Freelance | 2022 - Present
â¢ Developed smart contracts using Solidity and Web3.js
â¢ Built decentralized applications with React and Node.js
â¢ Integrated blockchain technology with AI and IoT systems

TECHNICAL SKILLS

Programming: JavaScript, Python, Solidity, C#
Frameworks: React, Next.js, Node.js, Unity
Blockchain: Ethereum, Smart Contracts, Web3.js, Hardhat
Databases: MongoDB, PostgreSQL, Supabase, Firebase
Tools: Git, Docker, IPFS, MetaMask

PROJECTS

in-SEI-ght - AI-powered social engagement insights platform
DroneX - IoT blockchain integration for drone coordination
TracX - Decentralized supply chain tracking system
Kendo - Gamified learning platform with blockchain rewards
Nether-Quest - Blockchain-based adventure game with NFTs
DJs on Demand - Smart contract-based DJ booking platform

EDUCATION

Bachelor's in Computer Science
Specialized in Blockchain Technology and Web Development
